

INVITATION FOR EXPRESSION OF INTEREST (EOI) AND REQUEST FOR PROPOSAL (RFP) TO ESTABLISH GEOTHERMAL DIRECT-USE INVESTMENTS IN MENENGAI/ BARINGO-SILALI GEOTHERMAL FIELDS IN KENYA.

Geothermal Development Company (GDC) is a fully government-owned organization under the State Department of Energy. It is mandated to develop geothermal resources in Kenya through exploration, drilling and utilization. As part of its mandate, GDC promotes geothermal direct-use; applications beyond electricity generation through utilization of heat from brine (hot geothermal waters) by interested investors and developers.

In line with this, GDC invites interested eligible investors and developers to submit their Expression of Interest and Requests for Proposal (RFP) to establish Geothermal Direct-Use investments within the Menengai or Baringo-Silali geothermal fields in Nakuru, Kenya.

Interested parties **MUST** indicate clearly their specific areas of interest from the two categories below:

1. Expression of Interest to Build, Own and Operate a Geothermal Spa Complex in Menengai Geothermal Field, Nakuru-Kenya.
2. Request for Proposal to establish Direct-Use Applications from Geothermal Brine.

Detailed description of the EOI and RFP documents can be downloaded from the website www.gdc.co.ke
